REPORT ON PUBLIC INSTRUCTION IN BOMBAY FOR 1943-44.

1. Owing to shortage of paper the size of this Report has been limited this year also to one Chapter only.

Introduction.

2. The main features of the year as revealed by statistics may be summed up as follows :—

Main features.

(a) Institutions. The total number of educational institutions decreased by 428 to 22,154 of which 21,809 were recognised and 345 unrecognised. The recognised institutions comprised 21 Arts and Science colleges, 17 Professional colleges, 958 Secondary schools, 19,437 Primary schools and 1,376 Special schools. The decrease in the number of institutions was due to the closure of ill-attended Primary schools and adult education classes. Of the 21,657 towns and inhabited villages 13,323 have schools, but there are still some 90 large villages without schools. The educational needs of about one-third of these villages are however served by neighbouring villages with schools.

(b) Pupils. The total number of pupils in all kinds of educational institutions increased by over 37,000 to 1,846,740 of whom 1,336,110 were boys and 510,630 girls. The increase in the number of pupils was shared by all types of institutions. The percentage of male scholars under instruction to the total male population increased from 12·18 to 12·35 and of female scholars from 4·90 to 5·09.

The following table compares the number of educational institutions and the pupils in them in 1942–43 and 1943–44 : —

Of the 1,846,741 pupils under instruction, 1,482,511 (comprising 386,962 Advanced, 874,626 Intermediate and 220,923 Backward) or 80·3 per cent. were Hindus, 235,477 or 12·7 per cent. Muslims, while the remaining 128,753 or 7·0 per cent. belonged to the various other communities. Appendix I published with this Report gives the number of pupils of the different communities attending various kinds of educational institutions.

(c) Expenditure.

The total expenditure on Public Instruction increased by Rs. 54·3 lakhs to Rs. 548·5 lakhs and was met from the following sources :—

	1942–43.		1943–44.	
	Amount.	Percentage.	Amount.	Percentage.

The Provincial expenditure on Direction and Inspection together amounted to Rs. 14·96 lakhs which formed about 6·7 per cent. of the total Provincial expenditure on Public Instruction.

University and Higher Education.

3. There are 53 Arts and Professional colleges affiliated to the Bombay University, including the School of Economics and Sociology and the Department of Chemical Technology maintained by the University. In these colleges there were 29,700 students, shewing an increase of about 6,700 students during the year. The total expenditure of the University for 1943–44 amounted to Rs. 19·29 lakhs as against the total receipts of Rs. 20·77 lakhs. A grant of Rs. 1,51,000 was paid to the University during the year.

Of the 53 colleges, 38, including the Deccan College Post-graduate and Research Institute, were in the British Districts. The number of students in these colleges increased by 4,850 to 22,149 of whom 3,694 were women. The following table gives a statistical summary of these colleges :—

4. In this Province the term "Secondary" is applied to schools and classes in which English is taught, whereas in other Provinces the figures for Secondary education include pupils in Primary Middle Schools. Combined statistics of all Secondary schools appear in the tables at the end of this Report. The following table gives a summary of these statistics :—

Secondary Education.

	Number of schools for			Number of pupils in institutions for		
	Boys.	Girls.	Total.	Boys.	Girls.	Total.
Secondary Schools (Anglo-Vernacular and English-teaching).	781	147	928	170,500	28,609	199,109
European Schools	16	14	30	3,210	3,161	6,371
Total (All Secondary Schools) ..	797	161	958	173,710	31,770	205,480
Total for 1942-43 ..	741	149	890	154,993	31,440	186,433

The total number of Secondary schools and classes increased by 68 to 958 of which 438 were High Schools and 520 Middle Schools, including 265 English Classes. The number of pupils under instruction in Secondary schools increased by over 19,000 to about 205,500 of whom 47,270 were girls.

Government maintain 25 Secondary schools of which 18, including the Middle School, Ahmedabad, are for boys and 7 for girls. Of the 17 High Schools for boys, 10 are ordinary Secondary High Schools and 7 are Vocational High Schools. The latter comprise 4 Agricultural High Schools, 2 Technical High Schools, and one Commercial High School.

Altogether 125 schools presented candidates for the School Leaving Certificate examination which was thrown open to all Secondary High Schools. The number of candidates for the examination held in April, 1944, increased from 107 to 1,189, of whom 333 or 28·0 per cent. passed. Of the 20,823 candidates that appeared for the University Matriculation examination, 11,468 or 55·1 per cent. passed.

The expenditure on Secondary schools of all types increased by Rs. 9,63,600 to over Rs. 1,23,28,000 of which Rs. 21,11,900 or 17·1 per cent. was met from Government funds, Rs. 1,90,700 or 1·5 per cent. from Board funds, Rs. 81,20,800 or 65·8 per cent. from fees and Rs. 19,04,700 or 15·6 per cent. from other sources.

There were 10,149 teachers, including 1,944 women, in all types of Secondary schools, an increase of 264 teachers during the year. Of the 10,149 teachers, 5,339 or 52·6 per cent. were trained and 4,657 or 45·9 per cent. were graduates.

Interest in Physical education was well maintained in Secondary schools and the majority of these schools have introduced medical inspection of pupils.

Primary Education.

5. There were 19,437 Primary schools with 1,546,200 children, showing a decrease of 410 schools but an increase of 9,880 pupils during the year. The decrease in the number of schools was due mainly to the closure of ill-attended Primary schools. Girls' schools however continued to maintain their steady progress, the number of girls' schools having increased by 45 to 1,773 and the number of pupils by 14,348 to 246,835.

Direct expenditure on Primary Education increased by over Rs. 30·5 lakhs to over Rs. 258·0 lakhs. Of the total expenditure, Rs. 141·5 lakhs or 54·8 per cent. was met from Government funds, Rs. 17·0 lakhs or 6·6 per cent. from District Local Board funds, Rs. 64·6 lakhs or 25·0 per cent. from Municipal funds, Rs. 15·7 lakhs or 6·1 per cent. from fees and Rs. 19·2 lakhs or 7·5 per cent. from other sources.

The total number of teachers in Primary schools under all managements increased by 803 to 46,198 of whom 37,786 were men and 8,412 were women, as against 37,709 and 7,686 in the preceding year. Of the 37,786 men teachers 16,376 or 43·3 per cent. were trained, while of the 8,412 women, 4,648 or 55·3 per cent. were trained.

Arrangements for physical training and games have been made in most Primary schools and there are indications of a definite improvement in the general standard of physical training. Lack of suitable open plots continues to handicap the games activities of most schools in municipal areas. For want of medical facilities no progress has been shewn in regard to medical inspection of children in Primary schools. The Bombay Municipality has a well-organised scheme of medical examination and treatment.

Training of Teachers.

6. There were 37 Training Institutions for Men and 30 for Women with 3,757 and 1,769 students. Of the 67 Training Institutions, 24 with 2,736 students were under public management and 43 with 2,790 students were under private management.

Special Schools.

7. There were 569 students in the School of Art, Bombay, and 56 students in Schools of Drawing and Design at Ahmedabad and Dharwar. The Engineering, Technical and Industrial Schools were 90 and the number of students increased by 1,119 to 5,901.

Other special schools were one Veterinary College, 32 Commercial Schools, 4 Agricultural Schools, 12 Medical Schools, 11 Music Schools, 39 Language Schools, and 22 Kindergarten and Nursery Schools.

Adult Education.

8. In addition to 78 Night Schools attended by 3,217 pupils, 898 Literacy Classes with an enrolment of 20,224 adults were maintained during the year.

Of the 898 Literacy classes 756 with 17,426 adults were for Men and 142 with an enrolment of 2,798 were for women. The total cost to Government on account of these 898 Literacy classes was over Rs. 85,000.

The Literacy classes maintained by the Bombay Adult Education Committee are held in three or four sessions during the year. At the end of the year the Committee had over 300 classes in the City with an enrolment of about 6,000 adults. During the year 14,230 adults including 3,074 women were made literate. A grant of Rs. 56,000 including a special non-recurring grant of Rs. 3,000 was paid to the Bombay Committee during the year.

Post-Literacy Classes continued to be maintained by the Bombay Adult Education Association in Bombay for the benefit of literate adults.

Village Libraries.

To keep the literate adult in touch with reading, libraries and reading rooms have been established at various places and literature suitable for adults is being published. There were over 1,500 village libraries and grants amounting to Rs. 18,830 were paid. Good use, it seems, is being made of these libraries. For rural areas lantern talks were organised by the Deputy Educational Inspector for Visual Instruction on various subjects of interest to the rural population. These talks dealt with agriculture, public health and sanitation, and other subjects of local interest.

Education of Girls.

9. The total number of institutions for girls increased by 86 to 2,208 and the number of pupils by 16,728 to 289,429, of whom 280,063 were girls. In addition to these, there were 230,565 girls attending institutions for boys, raising the total number of girls under instruction to 510,628. This number formed 5·09 per cent. of the female population of the Province.

Although the number of girls attending school is on the increase, the progress shewn cannot be said to be satisfactory. The prejudices which hinder progress are not dying out as rapidly as one would wish. Child marriage has become illegal, but early marriages are a common feature and there seems to be very little relaxation of the purdah system. The whole future of education depends on the education of girls.

Intermediate and Backward Classes.

10. The following table gives the number of pupils of the Intermediate and Backward classes under instruction in recognised institutions :—

	1942-43.	1943-44.
Intermediate.		
Marathas	309,050	316,485
Cultivating classes (Kunbis, Kolis, etc.).	293,270	294,513
Artisans	135,806	137,363
Lingayats	123,431	124,748
Total ..	861,557	873,109
Backward.		
Scheduled Classes	103,518	100,343
Aboriginal and Hill Tribes ..	54,028	51,637
Other Backward Classes ..	70,268	68,554
Total ..	227,814	220,534

There was unfortunately a fall in the number of pupils of the Backward communities attending school. This fall was mainly in the Primary stage and was due to the prevailing economic conditions. There has been a definite migration of villagers to large industrial and agricultural centres for employment and a good many children are finding employment with their parents.

Muslims.

11. The total number of Muslims under instruction in recognised institutions decreased by 289 to 221,220, of whom 67,883 were girls. The number of Muslims in Arts Colleges increased by 184 to 988 and in Professional Colleges by 41 to 334. In Secondary schools the number of pupils increased by 877 to 17,820 and in Primary schools the number decreased by 870 to 195,293. The number of Muslim pupils in Special schools also decreased by 521 to 6,785. The fall in the number in Primary schools is not large but this fall is mainly due to parents finding some kind of remunerative work for their children.

Anglo-Indian and European Education.

12. There were 33 institutions for the education of Anglo-Indian and European children with 6,500 pupils of whom 4,270 were Europeans and Anglo-Indians. In addition, there were 1,272 in other educational institutions, making a total of 5,542 Anglo-Indian and European children under instruction.

The total expenditure on institutions for Europeans and Anglo-Indians increased by Rs. 83,000 to Rs. 17,98,600 of which Rs. 5,07,400 was met from Provincial funds.

Handicapped Children.

13. In the 3 schools for the Blind there were 123 children and in the 8 schools for Deaf-mutes 234.

The Borstal School at Dharwar maintained for delinquent children over 16 years of age had during the year 254 boys, while the three schools certified under the Bombay Children Act had 1,079 pupils.

War Work.

14. The bulletins, pamphlets, and other information supplied by the Publicity Department on the progress of the war were freely utilised by educational institutions. Several schools also organised periodical talks on day to day events connected with the war.

For the Technical Training Scheme introduced by the Government of India, career masters have been appointed in a good many institutions to encourage lads to take to a technical career. Twenty Assistant Deputy Educational Inspectors were appointed during the year to popularise the scheme in rural areas. These officers attempt to explain to the parents the opportunities which the Scheme offers but the progress made has not been very encouraging.

General.

15. The rapid growth in the number of scholars noted in previous years continues and the pressure on existing educational institutions is becoming alarming. With the growth in numbers there has not been any change in the general condition and tone of our educational institutions including University colleges, and efficiency is bound to suffer if our school pupils and college students are not given the individual attention they are entitled to.

This rapid growth has also thrown a heavy burden on all branches of the Department the staff of which has not been increased to any appreciable extent. I cannot also help referring to the volume of work which now falls on the Director of Public Instruction and his office. For post-war reconstruction and the problems which it will give rise to not only will there have to be an increase in the personnel, but the scales of salary may have to be revised to attract the right type of men to the Educational Department.
